New Mexico State University
Award Plan for Responsible Conduct in Research Student Training

PI and co-PIs: _____ Award Identifier (Argis number): _____

Award Title: _____

Please provide the following information for all award participants. Descriptions of duties can be copied from the budget justification or text. Use TBA for the "name" of participants who will be hired at the time of award. *The PI is responsible for ensuring training is completed and that documentation is submitted to the NMSU Office of Grants and Contracts.* A list of resources will be posted online, including online training and all graduate and undergraduate courses that address RCR and social, ethical and legal implications of research. All students will be required to complete the core online RCR training, the Research Conduct Policies and Procedures (RCPP) training, and where appropriate, the IRB and/or IACUC training. All graduate students will be required to complete a formal course in research ethics within their first two years of graduate study. It is the PIs responsibility to designate any additional training to be required for participants in this award and the frequency with which the training must be repeated, and to semi-annually report on the training of grant participants.

Participant Categories: PI-Principal Investigator; RS-Research Staff; PD-Postdoctoral Fellow; GR-Graduate Student; UG Undergraduate Student.
Institutional Courses: RCR (Online); RCPP (online); IACUC; IRB
Suggested Training: Data Acquisition, Management, Sharing and Ownership; Conflict of Interest and Commitment; Human Subjects; Animal Welfare; Research Misconduct; Publication Practices and Responsible Authorship; Mentor / Trainee Responsibilities; Peer Review; Collaborative Science

Participant Category	Name (if available)	Duties	University Training	Departmental Training	Laboratory Training	Courses
